

I am voicing my opposition to Verizon's proposed area code change to 585 for my area. This will cause a hardship with my school (3 miles away) being in a different area code. As a small business owner, it will also cause a great financial loss with stationary, business cards, etc. which will have to be reprinted. The majority of my dealings (personal and business) are done in the current 716 area code. Please reject Verizon's proposal and help the millions of people whose lives will be disrupted.

Thank you,
Richard L. Dawson
